Maasvlakte, August 2013

Lyondellbasell wish to thank Meijden Maintenance Support for their outstanding safety performance during the 2013 Maasvlakte turnaround. As a result of your commitment, application and leadership you have achieved the highest possible recognition of "3 groene duimen". Such a performance confirms our belief that "Goal Zero" is achievable.

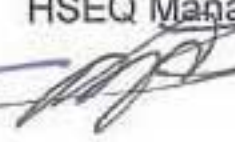

The safety contribution of Meijden Maintenance Support in such an intense period has contributed greatly to our global Goal Zero target. Meijden Maintenance Support has completed the turnaround without any recordable.

Once again many thanks for your commitment to a safe working environment for all our employees.
